## 公司介绍

---

东莞市释途智能自动化技术有限公司是一家专注于高端自动化包装设备研发与制造的企业。公司自2021年成立以来，便深耕于全自动折盒机领域，凭借持续的创新能力和精湛的工艺，迅速在行业内树立了良好的品牌形象。产品广泛应用于：

- 化妆品行业的高档礼盒包装
- 3C电子产品(如手机、耳机、配件)的精品包装
- 食品(如月饼、糕点、零食)的展示包装
- 文具、日用品及其他消费品包装

公司拥有多项专利技术，产品适用面广，可同时适用于各类白卡纸和瓦楞纸天地盒折盒成型，一机可通用多种盒型，为企业提升竞争优势，降低企业重复投资成本。

释途智能以“传承工匠精神，追求更高品质，树立更强品牌”为理念，其长远目标是不仅成为国内智能包装设备领域的领导者，更希望作为卓越的“中国制造”代表品牌，在世界行业中产生重要影响，并创造具有长期传承价值的企业典范。

Dongguan Shitu Intelligent Automation Technology Co., Ltd. is a company specializing in the R&D and manufacturing of high-end automated packaging equipment. Since its establishment in 2021, the company has focused on the field of fully automatic folding box machines. Through continuous innovation and exquisite craftsmanship, it has rapidly established a strong brand reputation within the industry. Its products are widely used in:

- Premium gift box packaging for the cosmetics industry
- Premium packaging for 3C electronics (such as mobile phones, head phones, and accessories)
- Display packaging for food items (e.g., mooncakes, pastries, snacks)
- Packaging for stationery, daily necessities, and other consumer goods

The company holds multiple patented technologies, enabling its products to accommodate a wide range of applications. They can simultaneously fold and form various types of white cardstock and corrugated cardboard top-and-bottom boxes. A single machine supports multiple box configurations, enhancing competitive advantages for enterprises while reducing redundant investment costs.

Shitu Intelligent operates under the philosophy of “Inheriting the Artisan Spirit, Pursuing Higher Quality, and Building Stronger Brands.” Its long-term goal is not only to become a leader in China's intelligent packaging equipment sector but also to emerge as an exemplary “Made in China” brand, exerting significant influence globally and establishing a corporate model with enduring legacy value.

# Patent Certificate

## 专利证书

一种连体盒翻转开盖机构

一种连体盒制备用翻转机构

一种连体盒备用胶带上料机构

一种可调节的纸盒成型设备

一种可调节的纸盒成型设备

一种纸张的翻折传送机构

一种连体盒内侧贴带设备

一种连体盒内侧贴纸设备

一种连体盒外侧贴纸设备

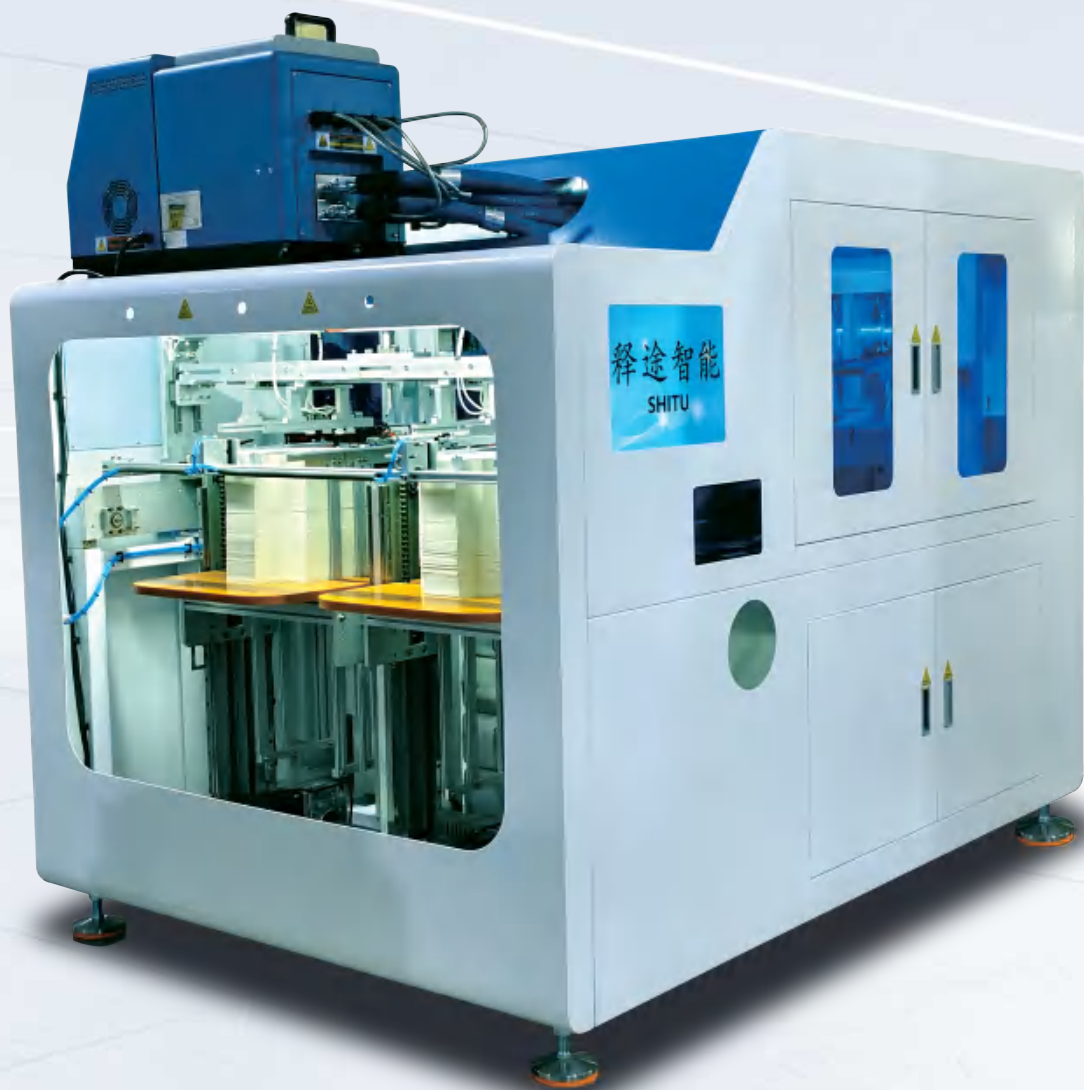

# STKH3250

## Automatic Paper Box Forming Machine

### 全自动折盒机

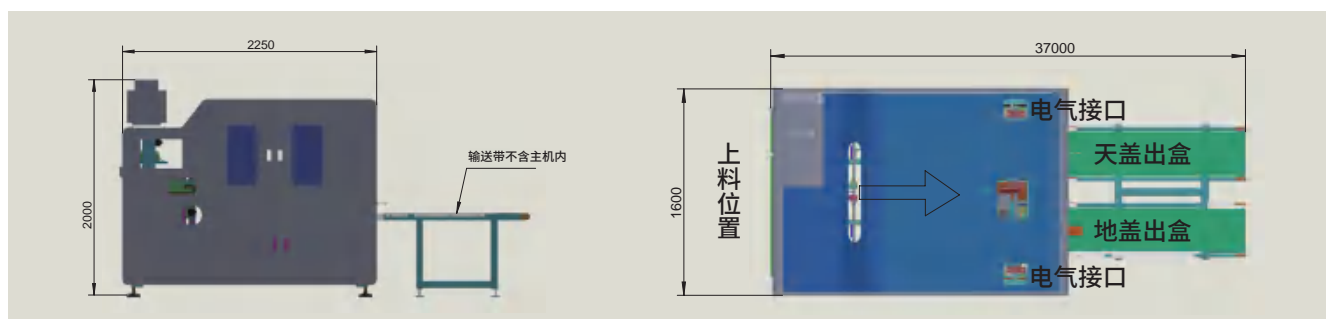

- 采用PLC控制，触摸屏操作。触摸屏可移动方便操作。  
Uses PLC control and touch screen operation. The touch screen is movable for convenient operation.
- 采用双料台放置材料，单边放料总高度0.5米。  
双料台可实现天盖、地盖同时生产。  
Uses dual material tables for material placement, with a total loading height of 0.5 meters on each side.  
Double material tables enable simultaneous production of top and bottom covers.
- 成型工位，纵向横向伺服控制，输入参数调节即可。  
Forming station with longitudinal and lateral servo control, adjustable by input parameters.
- 墙边位置控制采用伺服控制，方便成型美观。  
Wall position control uses servo control for easy and aesthetically pleasing forming.
- 整机结构紧凑，占地空间小。  
The entire machine has a compact structure and occupies minimal space.
- 本设备正常运行时加料间隔为40-50分钟。  
This equipment has a normal operating feed interval of 40-50 minutes.

## 技术参数 Technical Specifications:

类型 Item	尺寸 Dimensions	型号 Model	STKH3250 (伺服款)	
材料尺寸 Material Dimensions (长L * 宽W)	L MIN 240mm	长边不压短边 Long Edge Does Not Press Short Edge	34 - 46个/分 PCS/minutes	
	L MAX 540mm			
	W MIN 200mm	长边压短边 Long Edge Presses Over Short Edge		
	W MAX 420mm			
成型盒子尺寸 Formed Box Dimensions (长L * 宽W * 高H)	L MIN 120mm	宽边长压短 Wide Edge Long Overlaps Short	3700mm*1600mm*2000mm (含输送带)	
	L MAX 350mm			
	W MIN 80mm	额定功率/电压 Rated Power / Rated Voltage		
	W MAX 250mm			5KW / 220V
	H MIN 15mm	气源 Air Supply		0.5-0.7Mpa
	H MAX 80mm	本机适用材料 Materials Suitable for This Machine		210 - 350g 白卡纸 牛皮纸 等 210 - 350g White Cardboard, Kraft Paper, etc
边宽 Edge Width	6mm以内	操作人员 (1名) Operator (1 person)	加料间隔: 40 - 50分钟 Feeding Interval: 40 - 50 minutes

## Automatic Paper Box Forming Machine

### 全自动折盒机

- 采用PLC控制，触摸屏操作。触摸屏可移动方便操作。

Uses PLC control and touch screen operation. The touch screen is movable for convenient operation.

- 采用升降台放置材料，放料总高度0.6米。

Uses a lifting platform for material placement, with a total loading height of 0.6 meters.

- 成型工位，纵向伺服控制，输入参数调节即可。

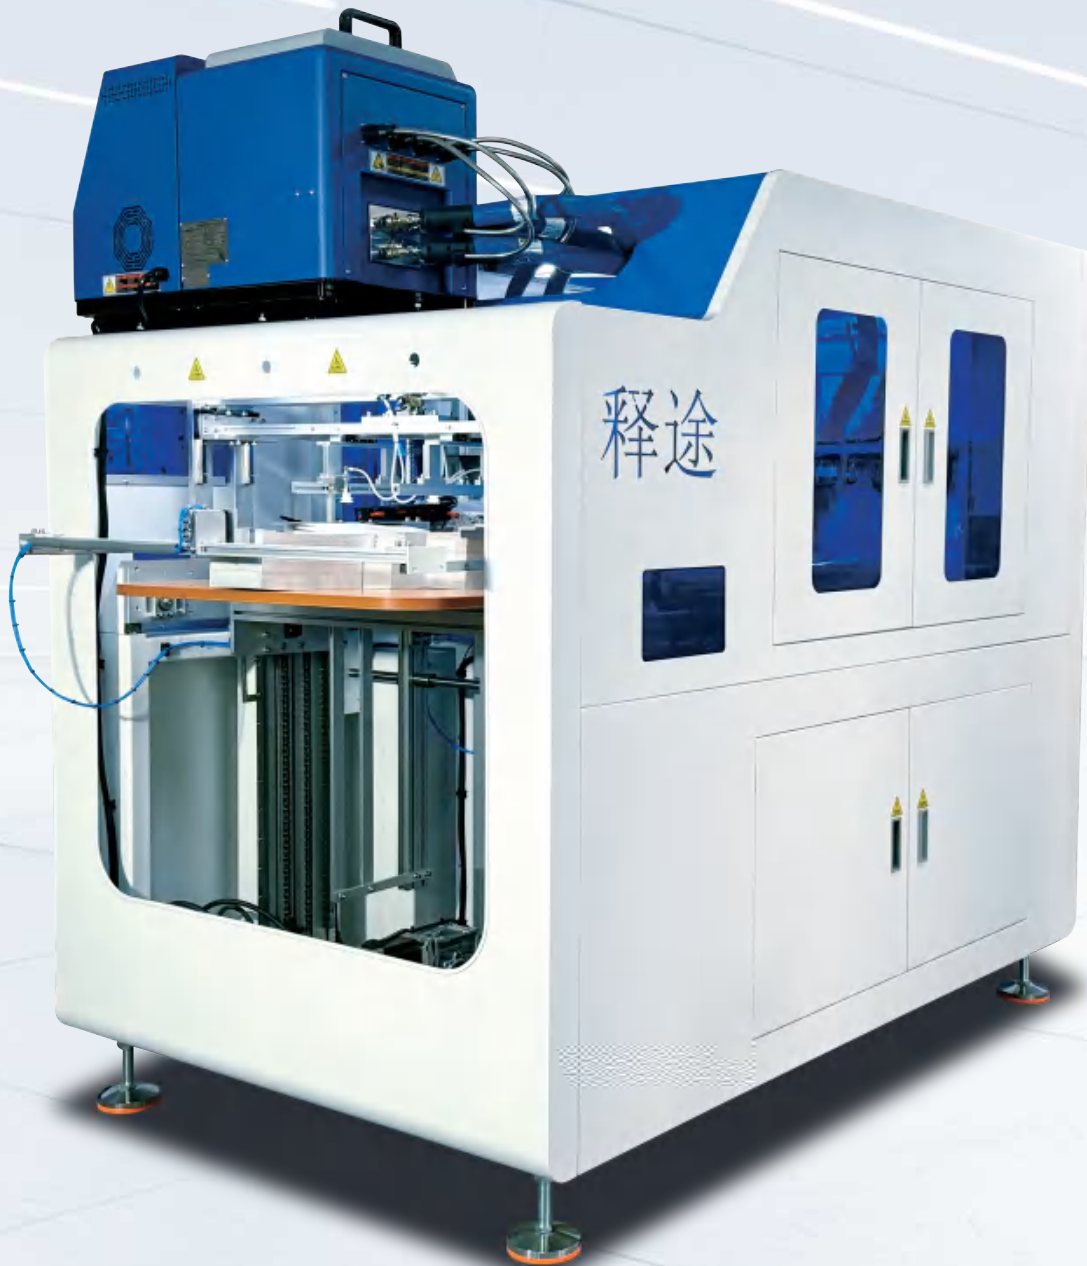

Forming station with longitudinal servo control, adjustable by input parameters.

- 整机结构紧凑，占地空间小。

The entire machine has a compact structure and occupies minimal space.

- 本设备正常运行时加料间隔为40-50分钟。

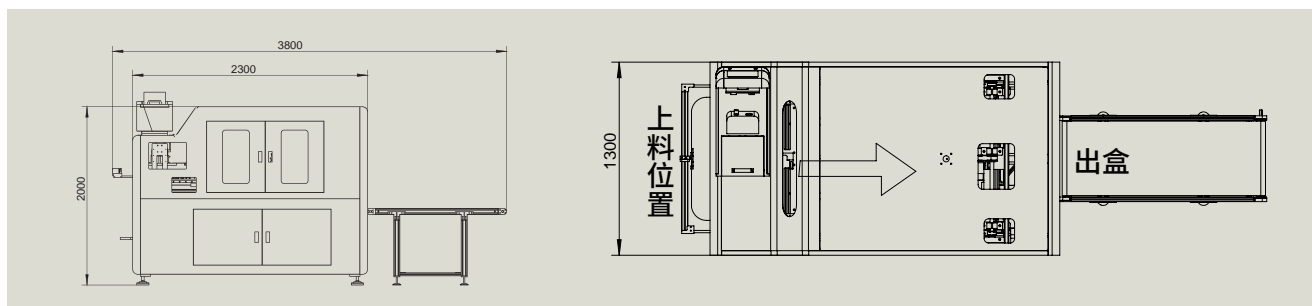

This equipment has a normal operating feed interval of 40-50 minutes.

## 技术参数 Technical Specifications:

类型 Item	尺寸 Dimensions	型号 Model	DTKH4350
材料尺寸 Material Dimensions (长L * 宽W)	L MIN 220mm	速度 Speed 长边不压短边 Long Edge Does Not Press Short Edge 长边压短边 Long Edge Presses Over Short Edge	17 - 23个/分
	L MAX 700mm		
	W MIN 200mm		
	W MAX 680mm		
成型盒子尺寸 Formed Box Dimensions (长L * 宽W * 高H)	L MIN 100mm	机器尺寸(长*宽*高) Machine Dimensions(L*W*H)	3800*1300mm*2000mm (含输送带)
	L MAX 400mm	额定功率 Rated Power	3.5KW
	W MIN 80mm	额定电压 Rated Voltage	220V
	W MAX 350mm	气源 Air Supply	0.5-0.7Mpa
	H MIN 18mm	本机适用材料 Materials Suitable for This Machine	210 - 350g 白卡纸 牛皮纸 等 210 - 350g White Cardboard, Kraft Paper, etc
	H MAX 100mm	操作人员 (1名) Operator (1 person)	加料间隔: 40 - 50分钟 Feeding Interval: 40 - 50 minutes

Overlaps Short Edge Reverse Fold

选配热胶机  
可生产宽边盒  
Optional hot glue machine  
Can produce wide side boxes

# KHCX4235

## Fully Automatic Pit Box Forming Machine

### 全自动坑盒成型机

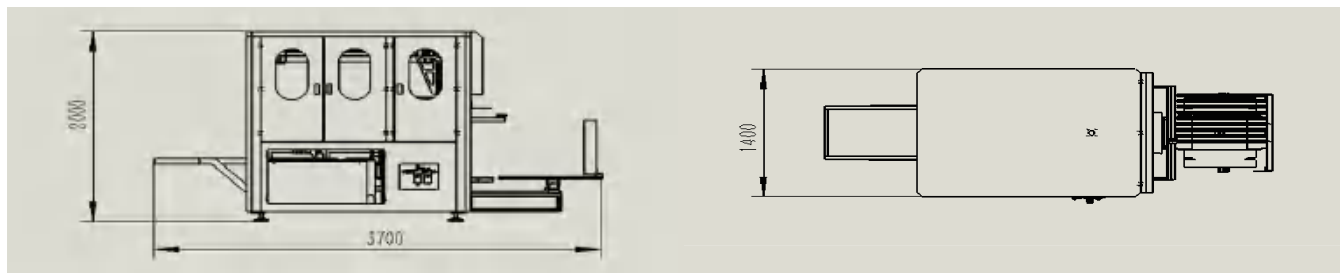

- 整机采用PLC控制，触摸屏操作。触摸屏可移动方便调节，操作。  
The whole machine is controlled by PLC and operated with a touch screen. The touch screen can be moved easily for adjustment and operation.
- 采用循环料台放置材料，单边放料总高度1米，节省停机时间。  
Using a circular material table for material placement, the total height for single-sided loading is 1 meter, which helps to reduce downtime.
- 方便调节、高速、稳定。  
Easy adjustment, high speed, stability.
- 成型工位，纵向横向伺服控制，输入参数调节即可。  
Forming station with longitudinal and lateral servo control, adjustable by input parameters.
- 模具采用可调微模具，对成型板可实现微调节、挤压成型，出盒美观。  
The mold uses adjustable micro-molds, allowing fine adjustments and extrusion forming of the forming plate, resulting in an elegant final product.
- 整机结构紧凑，占地空间小。  
The entire machine has a compact structure and occupies minimal space.

## 技术参数 Technical Specifications:

类型 Item	尺寸 Dimensions	型号 Model	KHCX-4235
材料尺寸 Material Dimensions (长L * 宽W)	L MIN 380mm	墙厚 Wall Thickness	5-25mm(依据盒子高度可适当增加)
	L MAX 840mm	速度 Speed	16-18个/分
	W MIN 340mm		
	W MAX 780mm	折两边不喷胶 Two-Side Folding Without Adhesive	18-20个/分
	L MIN 200mm	机器尺寸(长*宽*高) Machine Dimensions(L*W*H)	3700*1400*2000mm
成型盒子尺寸 Formed Box Dimensions (长L * 宽W * 高H)	L MAX 440mm	总功率 Total Power	4KW + 4.5KW (喷胶系统)
	W MIN 180mm	气源 Air Supply	0.5-0.7Mpa
	W MAX 420mm	本机适用材料 Materials Suitable for This Machine	B型、E型、F型 瓦楞 (其他材料需样品试用)
	H MIN 25mm		
	H MAX 100mm
